

October 6th – 11th

Support the Art of Leathercraft Sponsorship Opportunities

Leathercraft is a timeless tradition that bridges the gap between historical utility and modern artistry. Illinois Valley Leather Guild (IVLG) is preparing to host the upcoming International Federation of Leather Guilds (IFoLG) Show, we are reaching out to everyone who shares our passion for preserving this craft and fostering the next generation of makers. IVLG last hosted the IFoLG show in 1968.

The IFoLG Show is a premier global gathering, bringing together master artisans, hobbyists, and educators for a multi-day celebration of leatherwork. We are currently seeking sponsors to help inspire creativity and technical excellence.

Your sponsorship directly supports the diverse programming that makes this show a cornerstone of the industry:

- **Free Youth Classes:** We are dedicated to the future of the craft. Sponsorships allow us to provide materials and instruction to young creators at no cost to them, sparking a lifelong interest in leatherworking.
- **Professional Workshops:** Funding helps us provide the venue to host world-renowned instructors, providing attendees with access to advanced techniques in carving, construction, and design.
- **International Competition:** We host a prestigious competition that challenges artisans to push the boundaries of the medium, with categories ranging from traditional to modern art. The competition room will be available for free public viewing on Saturday, October 10th from 10am – 5pm.
- **Guild & Exhibitor Showcases:** Our show floor provides a vital marketplace for vendors and a platform for IFoLG member guilds to display their collaborative works.

Thank you for considering a contribution to the International Federation of Leather Guilds Show. Together, we can ensure that the heritage of leathercraft continues to thrive.

For more information on how to sponsor the show please contact:
